Dear Advisors,

Please join Gurbinder Amar from Foresters, on Tuesday, March 26th, 2019, from 10:00am to 11:00am at the LifePlan Boardroom.

Cascading life insurance: Synopsis: Approximately \$1 trillion in personal wealth will be transferred from one generation to the next in Canada over the next decade. This means that many of your prospective and existing clients will be looking for tax-efficient strategies to pass their wealth to the next generation. For over 140 years, Foresters Financial has been helping Canadian families reach their financial goals. This special session will provide a review of the popular Cascading Insurance Concept and reveal the added benefits of using Foresters whole life products to help your clients transfer wealth between generations. You'll learn practical strategies that you can start using right away to help grow your business.

Please RSVP as soon as possible, as seating may be limited.  
Thanks again to those of you who attend these sessions.

Yuee Thabphuta,  
Director of Business Development
